

JCA NEWS

Please join us for our customer appreciation summer cookout

Sponsored by Andersen

Friday, June 17th 11:30 am-1 pm

We will be calling and e-mailing to remind you the week before the event!

Please let us know if you would like to be added to our e-mail list!

New from Ideal Window

Majestic Signature Series Vinyl Windows & Doors

- Triple Pane performance using Dual Pane glass
- Average .24 U Factor and .23 SHGC on DH replacement windows
- "Energy Saver Max" glass system meets and exceeds Energy Star® standards, significantly reducing energy costs
- Foam-filled frame and double coated Low-E glass
- DP-35 rating right out of the box, designed to withstand wind gusts over 120 mph
- ULTRA stainless steel spacer bar provides reduced heat loss, improved argon gas retention, and a more aesthetically pleasing appearance.
- Available as a replacement insert or full frame unit for new construction—styles include double-hungs, gliders, casements & awnings
- Please visit our showroom to see our new double-hung replacement window display!

As a reminder, we offer outside sales support if you need assistance at a jobsite or product presentation. We can also assist you with product samples; color chips, literature, and any other sales support tools you may need. Please contact Mark by phone or e-mail (mjenei@jandcadams.com) if you need further information.

We hope to see you at the cookout!
